PLANTRONICS
SOUND INNOVATION™

Plantronics Discovery™ 640

Great looks, great sound.

When you are constantly busy and on the move, you want devices that make your life easier.

The Discovery 640 is all about efficiency and style, from the designer package through to the pioneering features, unmatched sound quality and looks.

It is small and ultra light-weight. With up to 5 hours' talk time and up to 60 hours' on stand-by, you can talk throughout the day, hands-free. And, with the included compact battery charging accessory you can extend talk time up to 15 hours and stand-by time up to 180 hours, with a single AAA battery.

Most people can use one of the four included, mobile phone charger adapters to charge up the Discovery 640, which means, a) one less charger to carry round with you, and b) no problem even when you upgrade your phone.

The sleek package includes everything you would expect from the leading innovator in the mobile headset market, such as volume control, choice of wearing styles, vibrate call alert and intuitive controls. So if you want to keep working comfortably, stylishly and efficiently, take a look at the Plantronics Discovery 640.

PLANTRONICS
SOUND INNOVATION™

Sound Innovation™ for missions to the moon. And for everyday life on this planet, too.

In 1969, a Plantronics headset carried the historic first words from the moon: "That's one small step for man..." From the man on the moon to the man on the street, Plantronics is an innovation leader dedicated to creating communication solutions for people who understand and appreciate the real freedom of space. From outer space to inner space, find your space.
